

CHC43315 Certificate IV in Mental Health

Establish a career in supporting and promoting mental health. Your nationally-accredited qualification is the foundation for developing a successful and rewarding profession in mental health care.

This entry-level qualification provides skills and experience vital to work autonomously or under the guidance of other practitioners in supporting people with a mental illness in a range of community services.

Gain the understanding to work in a range of environments including community-based non-government organisations; home-based outreach; centre-based programs; respite care; residential services or rehabilitation programs.
